CROTHERS' JOURNEY

Our long awaited season has finally arrived! Many years ago, God called us to be involved in foreign missions, so went through some missions training. We returned home with a dream to serve on the field through aviation. After a couple years of working and waiting for the right time for the move, our long awaited season is here. We are now looking to move to Muskogee, OK in September to become a part of Alpha Aviation to complete flight training.

Training at Alpha Aviation will consist of ...

<u>Airframe & Power plant (aviation mechanic) training</u> - 30 month program will be conducted in an apprentice style format. Monday to Friday 8am-5pm. <u>Flight training</u> - will be conducted in the evenings and weekends (weather permitting of course.) I will be working towards my instrument and commercial ratings.

We will be taking ministry trips down to Central America and Mexico throughout training.

Family life

Candace will continue homeschooling our children. Our vision is to sign on with a missions aviation organization at the completion of our training in order to use aviation and medicine to spread the Gospel in hard to reach areas of the world.

Mission Mobilization

We are all called to the worldwide advancement of the Kingdom. Our positions change during different seasons of life, but we are all called to Pray, Send, and Go. Please join with us in our journey.

 $\underline{\mathrm{Pray}}$ - Wisdom for a home and a church family, and an easy transition for our family in our new community

<u>Send</u> - Due to the nature of schooling we will need to raise support for our monthly budget. Please prayerfully consider becoming part of our support team as we work toward getting on the mission field. This will not only help us now, but after our training, we be able to transition to the field quickly.

If you would like to be a part of our journey and support us financially, please fill out the attached pledge card and email it back to us. Once we move we will have account with the ministry and you will be able to make tax deductible donations or set up for automatic recurring transactions.

 \underline{Go} - We would like to have teams work with us one day. Who knows maybe you will be somewhere you never thought you would be advancing the Kingdom in ways you never thought possible. You are never too young or too old, you just have to be obedient.
