

CROTHERS' NEWS

Reset | Same Goals | New Direction

Reset

Some of you know that we are no longer with Alpha Aviation. Things were quite different than expected, so in order to stay on track with our goals, all of the students there decided to look for other options.

Same Goals

My goals of attaining pilot and airplane mechanic certifications have not changed. We still want to utilize the tool of aviation to reach the last of the lost.

New Direction

I am currently at Riverside Flight Center in Tulsa, OK; where I am on track to finish all of my pilot ratings by the end of the year.

In our last newsletter...

We planned to head to Mexico, but that all changed when the plane we were taking went in for a routine biannual inspection and the altimeter failed. It couldn't be repaired or replaced in time for a reasonable price to make the trip.

Family Life

All is well in the Crothers home. Homeschool is going great as the school year is getting wrapped up. We were able to attend a Homeschool Convention in Tulsa a few weeks ago, and got lots of ideas for curriculums and books.

Church

We weren't able to go to Mexico, but it seems like Mexico has come to us. We are involved with a Spanish church plant in our local church. We have services on Sunday evenings and we recently held a Mother's Day Banquet for the Spanish community. Please pray for our Spanish pastors Omar and Abby who have sacrificed everything to be here and the work is hard. We strive to be a support to them and help in any way we can. Also pray for God ideas to reach the Spanish community.

Support

Thank you for all of you who have stuck with us through these changes. We appreciate you more than words can say. If you would like to send support and receive a tax receipt, you can send a check to Christian Living Fellowship P.O. Box 567 - Leesville, LA 71446, and just put Stephen Crothers in the memo; and we will receive the full amount. They are working on a new website that will be able to accept online giving which should be up and running in a couple of months. Keep us posted on prayer requests or new adventures in your life as well as we would love to celebrate them with you.
