MAIZE FIELDS ALMOST READY FOR HARVEST

We continue to see more land worked thanks to the irrigation equipment provided by BGMC and other dear friends.

The rains have started as well and we are delighting to be buying all our inputs from the last harvest. We have eagerly awaited these moments when we would be able to begin to sustain the ministries envisioned for this beautiful property. We anticipate that our Teen Challenge Center will be able to minister to the young street kids here in 2011. Hallelujah!!!

TABERNACLE EVANGELISM

We are so grateful for the help we have received to build tabernacles here in Zambia. The '20th' tab was fabricated and put up in Chongwe Village of Hope last month. Redson Mbewe continues to lead this team. There are great testimonies of how the churches have grown and how joyously the walls have been put up, doors and windows put in.

We look forward to partnering with you in 2011. Come help us. Bring a team and see how God is building His church here in Zambia.
